DESCRIPTION

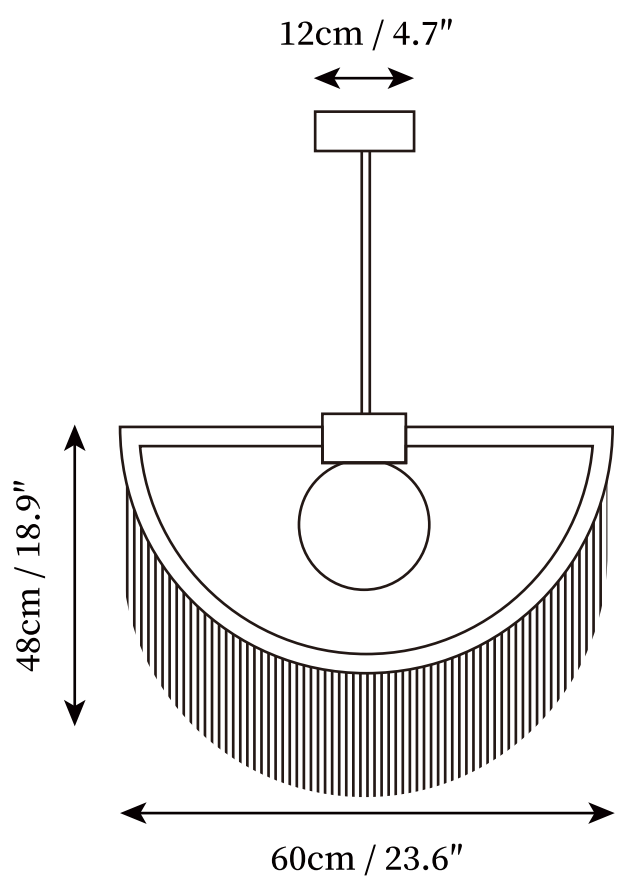

A post-modern inspiration for this glamour and retro pendant. A nod to the past and the present, Wink symbolizes an inverted eye. Decorated with colorful fabric fringes, this sophisticated and bohemian pendant revisits the boudoir theme and 30s style with a great deal of modernity.

Such a precious jewel, the fringes elegantly adorn the golden metal geometric structure. The rigidity of the rainbow serves as a contradiction to the fragility and delicateness of the fringes. This silky and light curtain gently twirls under the effect of the air currents... Wink draws both the eye and the hand: you want to caress and run your hands through it, slipping them inside this waterfall of wools that are warm to the touch. The bulb is housed in a delicate white glass globe.
