DESCRIPTION

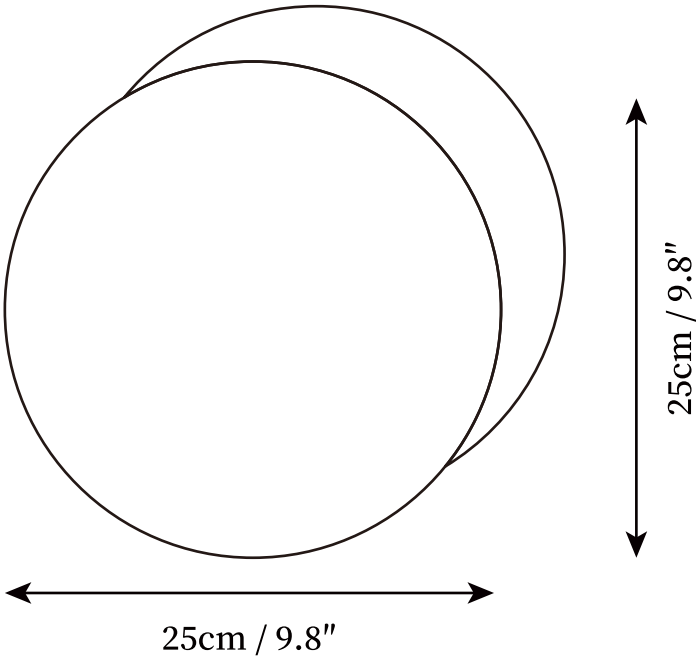

The beautiful Giorgio Wall Lamp is characterized by an adjustable disc in the front. This design is both refined and impressive and enables to variety the lighting effects. Like the Earth, the sun, and the moon that can move to each other, it is possible to adjust the frontal disc with a nickel-plated flexible joint before the metallic disc in the back. This front disc can be moved to the front and around to create the desired lighting atmosphere. This emotional design is associated with the most modern LED technology.

The Giorgio Wall Lamp with 25 cm of diameter is available in various versions. Each color combination is a handmade work of art with a particular aesthetics.
