

# Embedded Bedside Sconce

---

THECARGOODS.COM

SUPPORT@THECARGOODS.COM

DESCRIPTION

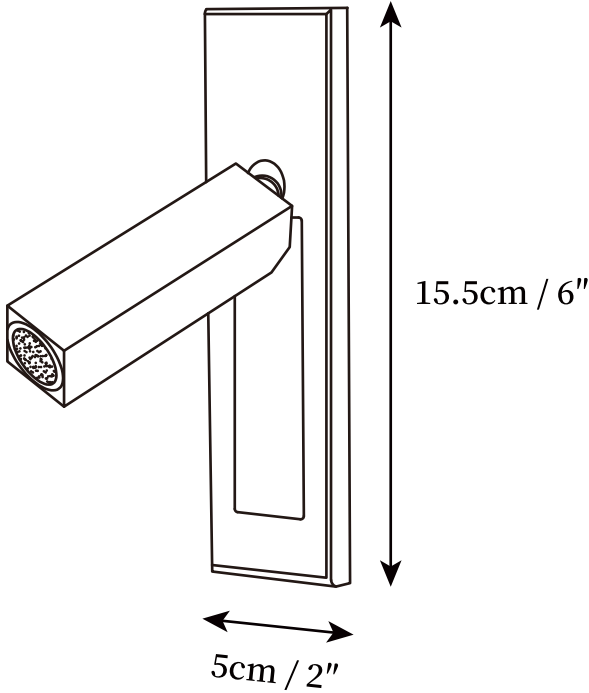

This LED bedside reading light has an adjustable head and body allowing you to choose where the light is placed. This enables you to have the light on for late-night reading knowing you will not interfere with your bedmate. Also great for use in studies or the modern room.

Takes little space as when closed it sits flush with the wall. It can be mounted either way up. One of the main features of this fitting is that fitting acts as a switch – the lamp instantly turns on when you pull it out from its flush position and turns off when pushed back.
