

Floor Lamp

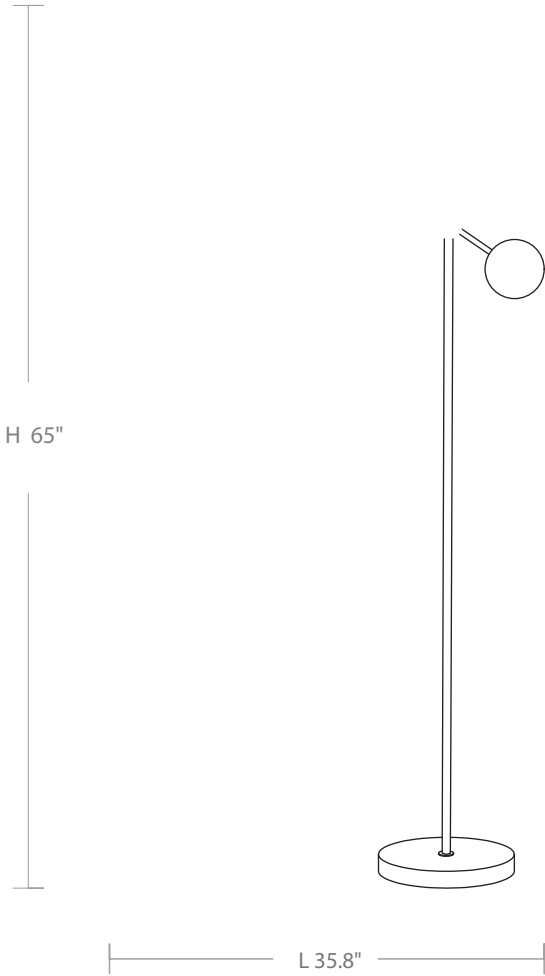

- Invisible Led C4 Floor Lamp 35.8"
- MHF-

MATERIALS

- Iron
- Aluminum

PRODUCT DESCRIPTION

Its minimalist design is also reflected in its component parts: these are reduced to the essential parts required to enable it to perform its function. This lamp has three basic components: an LED light source, two identical circles balanced against each other, and a thin tube connecting them. The different positions of its head and arms create a variety of combinations, meaning the light can be shaped according to your needs. Will shapes and guides, integrating it into the space.
