

Table Lamp

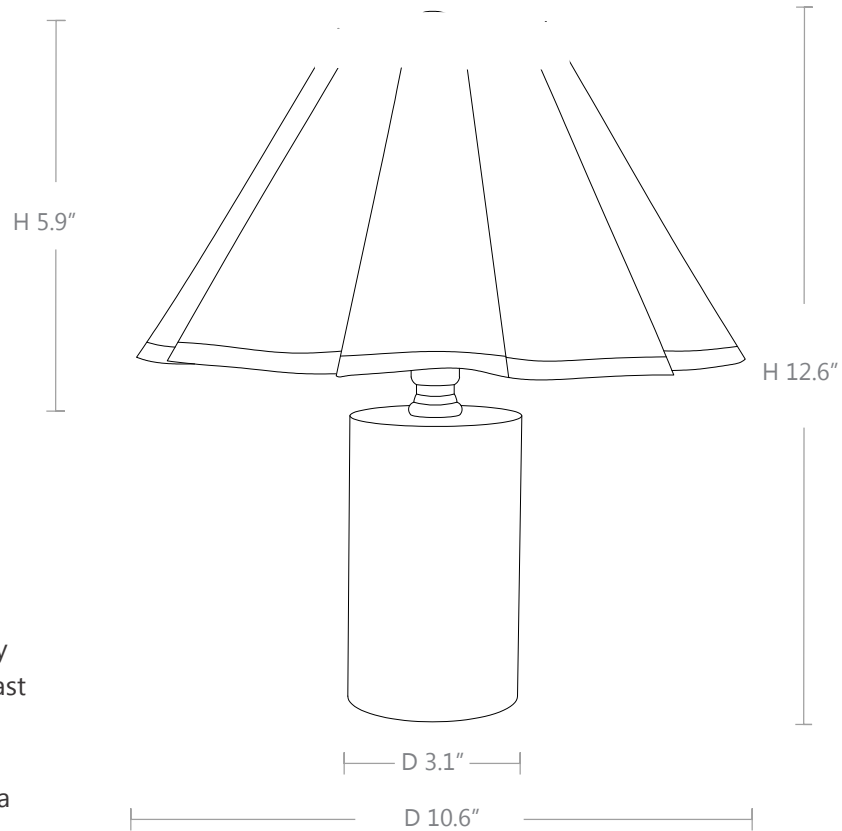

- Wooden Pillar Pleated Table Lamp
- MHT-21115-1

MATERIALS

- Fabric
- Wood
- Metal

PRODUCT DESCRIPTION

Introduce a touch of timeless sophistication to your home with the Wooden Pillar Pleated Table Lamp by Mooiehome. This lamp is a masterful study in contrast and texture, blending a simple, strong base with a delicate, sculptural shade. The lamp is anchored by a solid wood base with a rich, dark finish, carved into a classic and sturdy pillar shape. This provides a warm, organic foundation for the design. The true centerpiece is the exquisite fabric shade, featuring crisp, wide pleats that create an elegant sense of volume and grace. For a final, sophisticated touch, a bold, dark trim meticulously outlines the shade's scalloped edges, providing a stunning graphic contrast to the soft, off-white fabric.
