

Floor Lamp

- Bead Column Floor Lamp 18.1"
- MHF-

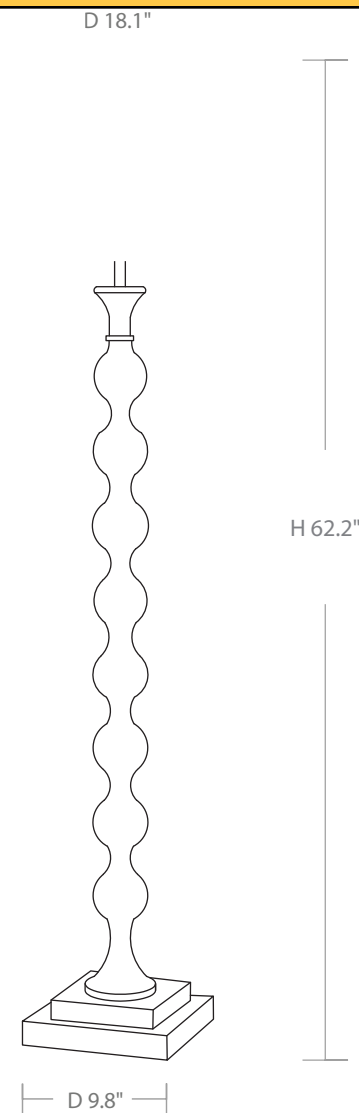

MATERIALS

- Fabric
- Wood

PRODUCT DESCRIPTION

The Bead Column Floor Lamp stands out with its unique beaded column design. The column body seems to be composed of smooth and round beads, bringing an elegant sense of layering. The simple black column and the stable base echo each other, giving the lamp a modern and low-key luxury. With the classic white pleated lampshade, the light is emitted through the soft fabric to create a warm atmosphere. Of course, we also have another color to choose from.
