PRODUCT DESCRIPTION

Opal Arc Floor Lamp of translucent globes using our own custom recipe of tinted white Opalescent polycarbonate. Semi-translucent, they maintain an ethereal ghostliness in the daylight and at night form a perfectly illuminated sphere. The Opal range emits a soft, diffused, and flattering light. The softness of the lightbulb shape is achieved through a blow-molded custom combination of opalescent plastic. This process works to achieve an organic form as well as a delicate translucency.
